

## Aleut Communications Services Awarded \$2M Contract at Fort Detrick

### FOR IMMEDIATE RELEASE

Colorado Springs, CO. (October 2, 2008) – Aleut Communications Services, LLC ([www.aleutcomm.com](http://www.aleutcomm.com)) has been awarded a direct award 8(a) contract to provide engineering services for support of the design, planning and construction of the National Interagency Biodefense Campus (NIBC) at US Army Garrison (USAG), Fort Detrick, Maryland.

Aleut Communications Services, LLC (ACS) will be providing key engineering personnel to provide technical engineering/utilities support and guidance to enhance the efforts of the US Army Garrison, Fort Detrick to facilitate the development of the NIBC. The NIBC Program Management office is involved with the design, development, construction, and operations of the National Interagency Biodefense Campus. This project constitutes larger complex engineering construction of the worlds most advanced medical research labs. Infrastructure consists of power plants, energy distribution, roads, security fencing and other engineering requirements. Work will be performed at Fort Detrick, Maryland.

Aleut Communications Services, LLC is an 8(a), SBA company and subsidiary to Aleut Management Services, LLC, both are located in Colorado Springs, CO. Aleut is a family of companies with large and diverse reach-back capabilities providing IT, communications, base operations support, construction, and a variety of other services to government agencies. We collectively offer strategic partnerships to our customers through Alaskan Native Corporation benefits and advantages.

Applications for employment can be submitted through the company's website at [www.aleutcomm.com](http://www.aleutcomm.com).
