

Aleut Communications Services Awarded \$1.3M Contract at Fort Sam Houston, TX.

FOR IMMEDIATE RELEASE

Colorado Springs, CO. (September 30, 2008) – The U.S. Army Institute of Surgical Research (USAISR), Fort Sam Houston, Texas, recently awarded Aleut Communications Services, LLC (ACS), www.aleutcomm.com a direct award, 8(a) contract to provide Research Program Support and Services to the Army's Regenerative Medicine Task Area.

The U.S. Army Institute of Surgical Research is part of the U.S. Army Medical Research and Materiel Command and is at Fort Sam Houston, in San Antonio, Texas. The USAISR is dedicated to both laboratory and clinical trauma research.

On this contract, the key personnel from ACS will perform program support, security, and research in tissue regeneration, in support of the pioneering work being done at the USAISR. ACS will perform all of their work on Fort Sam Houston.

"We will provide the U.S. Army Institute of Surgical Research excellent support and services based on our proven performance and reinforced by the tremendous reach back capabilities our family of companies has to offer", said Gary Cohn, President of Aleut Communications Services, LLC.

ACS is an SDB 8(a) company located in Colorado Springs, Colorado and is one of five subsidiaries of Aleut Management Services, LLC which is also headquartered in Colorado Springs. Aleut is a family of companies with large and diverse corporate reach-back capabilities, providing superior services in information technology, communications, base operations support, and a variety of other services to government agencies. We collectively offer strategic partnerships to our customers through Alaskan Native Corporation capabilities and acquisition benefits.

Applications for employment with ACS can be submitted through the company's website at www.aleutcomm.com.
