

## Aleut Communications Wins Contract at NOAA Fairbanks

### FOR IMMEDIATE RELEASE

Colorado Springs, CO (January 25, 2010) – Aleut Communications Services, LLC ([www.aleutcomm.com](http://www.aleutcomm.com)) has been awarded a contract by the US National Oceanic and Atmospheric Administration (NOAA) for \$4.2 Million to support the move of satellite operations into a new facility being constructed at their satellite operations site at Fairbanks, Alaska.

The ACS contract is to migrate all the satellite operations systems and supporting equipment as well as provide a new telephone switch and instruments, new automation equipment. ACS has had a proven, successful, partnership with NOAA since 2003, fulfilling several contracts to upgrade their satellite antenna systems, and network design and installation.

Aleut Communications Services, LLC (ACS) is an SDB 8(a) company located in Colorado Springs, Colorado and subsidiary of Aleut Management Services, LLC. Aleut is a family of companies with extensive reach-back capabilities providing IT, communications, base operations support, construction, and a variety of other services to government agencies. The Aleut Family of Companies offers strategic partnerships to its customers through Alaskan Native Corporation benefits and advantages.

Applications for employment may be submitted through the company's website at [www.aleutmgt.com](http://www.aleutmgt.com).
