

## ACS Receives Contract from NOAA

### FOR IMMEDIATE RELEASE

Colorado Springs, CO (September 8, 2009) – Aleut Communications Services, LLC ([www.aleutcomm.com](http://www.aleutcomm.com)) has received a \$2M+ contract from the National Oceanic and Atmospheric Administration to upgrade the Voice Conferencing System supporting satellite operations at NOAA's headquarters in Suitland, MD, Wallops Island, VA, and Fairbanks, Alaska. The work will continue in three phases through 2011 with the end result in upgraded multi-site voice conferencing ability during satellite passes, data download, and transmission.

Aleut Communications Systems, LLC (ACS) has been providing communications services at NOAA Fairbanks since January 2003.

Aleut Communications Services, LLC (ACS) is an SDB company located in Colorado Springs, Colorado and subsidiary of Aleut Management Services, LLC in Colorado Springs, CO. Aleut is a family of companies with extensive reach-back capabilities providing IT, communications, base operations support, construction, and a variety of other services to government agencies. The Aleut Family of Companies offers strategic partnerships to its customers through Alaskan Native Corporation benefits and advantages.

Applications for employment may be submitted through the company's website at [www.aleutcomm.com](http://www.aleutcomm.com).
